

Lisa's Song

Verse 1 Today I lost a good friend
 She has gone to live with Him
 Her time on Earth was way too brief
 Though I'm glad her pain's found relief

Chorus Lisa, Lisa
 We will miss you here
 And though our lives must go on
 You will always be near

Verse 2 I can't help but miss her smile
 The way we'd sit and talk a while
 About the people we loved best
 And how God saved us from our own mess

Chorus Lisa, Lisa
 We will miss you here
 And though our lives must go on
 You will always be near

Verse 3 Lisa has now gone away
 All I can do now is pray
 That when my journey's through
 God will take care of me, too

Chorus Lisa, Lisa
 We will miss you here
 And though our lives must go on
 You will always be near

 Lisa, Lisa
 We will miss you here
 And though our lives must go on
 You will always be near
 You will always be near
