

Memory Lane

Verse 1
It's been some years since she's been gone
I know the pain may always go on
One thing I've learned while standing in the rain
I'll be okay if I stay off Memory Lane

Chorus
Memory Lane is filled with rain
From storms of life that caused such pain
There's no future in this, my friend
So learn to stay off Memory Lane

Verse 2
Memory Lane is good for moments made to last
Like bikes and cars and Christmases long past
But if it's hurt and tears, sadness and pain
You need to learn to stay off Memory Lane

Chorus
Memory Lane is filled with rain
From storms of life that caused such pain
There's no future in this, my friend
So learn to stay off Memory Lane

Verse 3
Not long ago I took a new bride
Her love for me has filled up my side
Her sweet caress relieves all the pain
And I'm okay 'cause I'm staying off Memory Lane

Chorus
Memory Lane is filled with rain
From storms of life that caused such pain
There's no future in this, my friend
So learn to stay off Memory Lane
You better learn to stay off Memory Lane
